## **Suspension Temporary of new business of Current AMLI Product effective June 30 2012**

Core Value agents:

Insurance Brokers Network (IBN) received the following notice from AMLI on June 27, 2012 regarding sales of AMLI Limited Medical Programs **Generation #1.0**.

As of June 30, 2012, (**close of business day**), all sales and marketing of AMLI products (**generation #1.0**) must cease. Sales information submitted next week for Saturday's sales will be acceptable for verification of sale day of **June 30**.

We are expecting Generation 2.0 will be available for **sales training in next 3 weeks with effective dates to follow**. This new generation 2.0 offers enhanced benefits with competitive rates and the best commissions available which you have come to expect from AMLI & IBN.

IBN has been encouraging AMLI to continue the sales until generation **#2.0** would be available but **with** no success.

In the meantime the continuance of reactivation and proper compliance on existing licenses in **Hierarchies** can be completed.

We hope this **re structure of AMLI** products both for regulatory **compliance and an actuarial** soundness will fit your best long-term plan for your business.

We will be in touch in the near future with updates on new sales and marketing. We thank you for your partnership and **acknowledge your frustration**, but appreciate your understanding of **this temporary suspension of New Sales for the long term Benefits for all**.

**About The Miramar Group: Founded in 1997, The Miramar Group is an insurance brokerage agency focusing on health insurance. Headquartered in Lakewood Ranch, FL.,**

**In March of 2011, The Miramar Group started a new division by expending into Energy and Telecom Industry thus becoming part of a billion dollar industry.**
